

**New partnership with BA offers discounted fares to UK for travellers
with the British Education Centre**

April 2016—February 2017

The British Education Centre Gurgaon is proud to announce today a new partnership with BA to give those travelling under the Centre's auspices specially discounted fares between India and the UK. The newly opened Centre, in the heart of the NCR's top business district Cyber City, is building partnerships with leading British Universities and Training Institutions. Students with the Centre and other associates will be able to benefit from this special discount (up to 15%).

The Centre's Founder and Managing Director Satpal Dass OBE said: "BA has long been my "favourite airline". So it is a particular pleasure for me to have established this partnership which will deliver great benefits to students and to institutions in the UK. We hope that this will encourage more students to travel to the UK to study." Mr Dass believes that education is a vital bridge between the two countries and sees the Centres as a way to bring British education within reach of many more in India, and to promote study in the UK.

Moran Birger, British Airways' regional commercial manager, South Asia said, "The UK continues to be amongst the top international destinations for Indian students for higher education. We are delighted to partner with The British Education Centre to encourage further student mobility and strengthen educational ties between the two countries. Students travelling with British Airways will benefit from our convenient schedules and easy connections throughout the UK. We understand students' requirements and expectations whilst travelling aboard for their academic term and it is our constant endeavour to make their travel experience with us as convenient and as stress-free as possible."
